WHO IS VON CRUMB?

Welcome to the world of Von Crumb!

Specialising in mind-blowing Schnitzels - buttermilked, panko crumbed, golden fried, chicken thigh - you name it. Vegetarian, you say? We've got you covered. Them halloumi burgers are second to none! Which came first, the halloumi or the chicken?

You know what they say - if the sun's out, the crumb is out. Kidding. No one has ever said that before. But seriously, no matter the season, everyone loves a good Schnit. We make the best damn Schnitzel in Melbourne. And that's a direct quote from a crumbstomer.

Our Schnitz are served on pretzel rolls, with chips or gems. With refined and explosive flavours, these next level Schnitties will give you a spring in your step. Von Crumb is straight to the point, the cheeky smile that brightens your day.

Von Crumb tells it like it is!

The trucks measurements are 7.5m long (but require more room to enter and exit through the back door), 2.8m high and 2.2m wide (3.3m with the service window open).

We have our generator, but if you are able to supply us with power that would be great! We need 1 x 15 amp. The truck needs to be on a close to as flat surface if possible. Please let us know if you think this might be of concern.
